

MAKE YOUR OWN

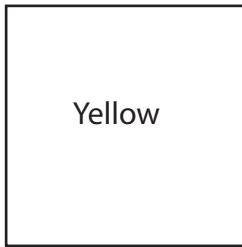

Easy instructions for making your own Captain Magma, Lava Boy and other favorite superhero finger puppets.

PATTERN PIECES

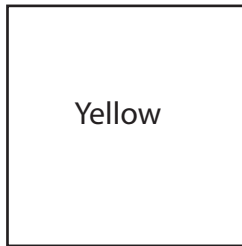

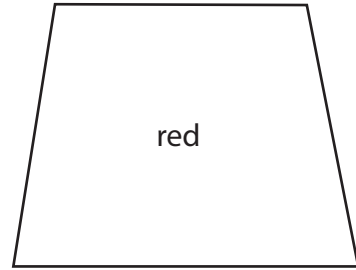

Note: Adjust the width of the pattern pieces to fit your own fingers and stitch width.

MAKE YOUR OWN SUPERHERO FINGER PUPPET

2

3

4 & 5

1. Cut pattern pieces. I used 1 1/4" width for the body, but adjust to fit your own finger or thumb.

2. Stitch two rectangular pieces of felt together. Blanket stitch, zig zag or a straight stitch all work well.

3. Glue the extra pieces on front of puppet.

4. Stitch cape to back of puppet.

5. Draw face on Captain Magma puppet, or your fingers for Lava boy or other super heroes.

For additional superhero puppets, use the Lava Boy pattern and substitute different colors and details –base it on your favorite superhero or create a new one!

Have fun! You can use your finger puppets with your favorite superhero book at storytime, or for fingerplay songs and activities, like the ones listed at Storytime Katie:

<http://storytimekatie.com/2014/04/15/superheroes>

This project is not suitable for young children.

For personal use only. Not for reproduction of resale.
